**G**OVERNOR'S Visit is made from an original East India Company wallpaper painted in China circa 1770. Our version of this decor represents an enormous amount of work in restoration. Missing parts were re-done and damage was restored so the wallpaper has a freshness which makes it better than the original. After our digital treatment, it has become so convincing that experts have mistaken it for an original. Thanks to Iksel, you may now rivalise with the aristocrats of the 18th Cent. Without having to pay a fraction of the enormous prices.
